Self-Confident

## WORK EXPERIENCE

**Scrum Master**

September 2022 - January 2023

*University Semester Project*

In the 3rd semester, I took the role of being Scrum Master during the semester project. Some of the tasks I performed as a Scrum Master for my semester project:

- Facilitated daily stand-up meetings
- Conducted sprint planning meetings to help the team set goals and prioritize work for the upcoming sprint.
- Helped to identify and remove any obstacles that could impede the team's progress.
- Encouraged communication and collaboration among team members

Acquired Knowledge:

- Scrum Framework: I learned how to apply the Scrum framework in a real-world setting.
- Agile Methodology: I learned the benefits of agile methodology.
- Communication and Collaboration: As a Scrum Master, I learned how to guide the team and encourage self-organization and collaboration.
- Problem-solving and Decision-making: I learned how to identify issues that could impede progress and how to work collaboratively with the team to find solutions.

**Courier**

2022

*Just Eat • Part time*

In charge of picking up the order and delivery to the customer.

Acquired knowledge:

- Stay focused for long time
- Work efficiently
- Experience with customer service and interacting with customers
- Ability to resolve unexpected issues.

**Dishwasher**

10/2021 - 12/2021

*Dolly's • Part time*

In charge of cleaning the kitchen tools, cleaning the kitchen, and closing the restaurant.

Acquired knowledge:

- Work under pressure
- Time management: Dishwashing requires a lot of multitasking and efficiency in completing tasks.
- Teamwork: Working in a busy kitchen with other staff members requires good communication and teamwork. Dishwashing can teach one how to work effectively as part of a team.

## EDUCATION

### Software Engineering

August 2021 - June 2025

*Horsens, Denmark • Software Engineering*

Relevant coursework:

Data Structures and Algorithms, Object-Oriented Programming, Software Design and Architecture, Database Systems, Web Development, and Semester Projects.

### Computer Engineering

2020 - 2021

*Córdoba University • Computer Engineering*

I passed the first year of computer engineering at Cordoba University, Spain before coming to Denmark

Relevant coursework:

Algorithms, Algebra, Object-Oriented Programming, Physics, Economy

### Professional conservatory of music

2010 - 2018

*Córdoba, Spain • Music*

- Ability to organize and prioritize tasks efficiently to meet deadlines.
- Experience working in a team environment and communicating effectively with coworkers and supervisors.

### Bachelor in the field of technology science

2018 - 2020

*Trinidad, Córdoba, Spain • Technology Science*

## HOBBIES

In my free time, I enjoy exploring new cultures and cuisines by trying out new restaurants and cooking different international dishes at home. I am an avid traveler and love to plan and embark on new adventures to discover new places and cultures all around the world. Additionally, last September I started practicing sports daily and getting in shape. After 5 months, the sport has become a fundamental part of my life and my routine, achieving incredible goals such as losing 30 kilos in this short period of time.
